## Therminol VP-3

Therminol VP-3 liquid/vapor phase heat transfer fluid was specially developed to allow vapor phase heat transfer at lower temperatures than are practical with traditional diphenyl oxide/biphenyl constituted fluids like Therminol VP-1. For more information visit our website at: [www.therminol.com](http://www.therminol.com)

## FEMLAB

COMSOL, Inc.'s FEMLAB puts you on the front line! FEMLAB Chemical Engineering comprises a powerful, unique environment for modeling momentum, heat and mass transport coupled to chemical reactions. Now you can model fluid flow, gas flow and incompressible turbulent flow using a single tool. FEMLAB's key features include: simultaneous solving of an arbitrary number of coupled nonlinear PDEs and state-of-the-art solvers for linear and nonlinear stationary and time-dependent problems in 1D, 2D, and 3D.

## TSWEET®

Process simulation software makes plant operations, troubleshooting and optimization easier - Experience the difference of the TSWEET®- PROSIM® package and enjoy the power our software can offer your company. • Amine Sweetening, Sulfur Recovery, Tail Gas Clean-up, Sour Water Strippers, Exchanger Rating/Sizing • Gas Processing, Refining, Petrochemical, Glycol Dehydration and Hydrate Inhibition. **Bryan Research & Engineering, Inc.** Tel: 979-776-5220 [www.bre.com](http://www.bre.com)

## BioReaction Industries

BioReaction Industries has engineered a biofiltration system for the digestion of airborne VOC's, HAP's and odiferous compounds. The BioAIRVENT is an automatically controlled, and modular. It captures and breaks down compounds into carbon dioxide and water vapor. This revolutionary system design emits no harmful byproducts such as NOx, SOx or excessive CO2 and has a much smaller footprint than traditional biofilters. **For information please contact Tracy at [tbarton@bioreaction.com](mailto:tbarton@bioreaction.com)**

## Reference Disk

The Therminol Reference Disk is a multi-phase design guide, product selector and more. It has information about Therminol products and services. This CD-ROM continues the tradition of our Therminol Data Disk, the first and most trusted tools resource in the industry. On this new CD-ROM we have taken the data disk to the next level.
