

VMGSim™ Process Simulator

Bringing your vision into reality

Design ▶ Troubleshoot ▶ Optimize
We provide accurate, robust and cost-effective process simulation solutions. Your productivity and competitiveness are our priorities.

Methanol Dehydration to DME

▶ Steady State and Dynamic Process Simulation for the Oil, Gas and Chemical Industries.

INSTANT ACCESS TO CHEMICAL ENGINEERING SHOWCASE

See the latest developments in simulation and modeling increase productivity in the design of chemical processes and reactors. The brand new Chemical Showcase from COMSOL® includes a range of great resources for all things chemical, including:

- Videos
- Models
- Articles
- White papers
- And more ...

Request instant access today at:

Your PSM Program Meets All Your Internal Requirements. Does it Meet OSHA's?

This September Attend CCPS' The OSHA Regulatory Approach to Process Safety Management Course and Make Sure.

Your process safety program has to meet OSHA PSM Regulation 29CFR 1910.119 and the EPA Prevention Program requirements. Take this CCPS course and make sure your program meets them.

You'll leave ready to effectively implement, evaluate and audit an OSHA or EPA process safety management program for your organization.

Meeting in:
CHICAGO
September 16 - 18, 2013

Attendees receive CCPS' Guidelines for Risk Based Process Safety
