Upcoming Events

March Meeting: **Harvesters Volunteering Event**

Date: Wednesday, March 19, 2014
 Time: 6:00 PM — 8:00 PM
 Location: Harvesters / 3801 Topping Ave. / Kansas City, MO 64106
 Join us in giving back to our community by participating in a night of service at the Harvesters' food bank! See page two for more information about donations!

From Harvesters:

"Every day, Harvesters relies on community members to help sort and package over 162,000 pounds of food and household items. At the end of the year, that equals over 42.3 million pounds being distributed to individuals and families, including seniors, children, our neighbors, and even people just like me and you. We appreciate the generous support of our volunteers because, without you, we wouldn't be able to do what we do!"

For more information about Harvesters visit <http://www.harvesters.org/>

April Meeting: **Speaker Series**

Date: Tuesday, April 15, 2014
 Time: 6:00 PM — 8:00 PM
 Mark your calendars for the first of our three part series! All three of this year's speaker series events will be held at a great venue in the KC area and will feature influential speakers whose talks will focus on different areas of personal and professional development. You won't want to miss out!

Renew Your Membership for 2014 Today!

Renew online at www.aiche.org/2014dues.

Remember to include the \$15 Kansas City Local Section Dues when renewing to become a local section member and receive discounted Member pricing at events.

Not a member previously? A current member can GIFT a deserving engineer 2014 membership for the special price of only \$49! Get more information on the program [here!](#)

The Kansas City Section Newsletter is published monthly for AIChE-KC members.

NEW AIChE KC Website

The AIChE website has been moved! Please visit our new website at <https://www.aische.org/kc> to see all of the updates to the webpage!

KC Local Section is Recognized at a National Level

Joe Deneault, KC AIChE Chair, is presenting at the Local Section Leaders Workshop in New Orleans on March 29th – 30th. The presentation, entitled “Rising From the Ashes – How Two Sections Started Over Again” will feature Joe and another Local Section leader providing advice to and answering questions for other Local Section leaders who may be struggling to get their chapters active. Joe will be highlighting initiatives that the KC Local Section has established that have been key to reviving the Local Section. A special thanks to everyone who has contributed to turning the KC Local Section back into an active section!

Harvesters’ Donations—It’s Peanut Butter Month!

March is peanut butter month and thanks to the generosity of Bank Midwest, a donation of peanut butter will provide even more meals for the hungry. For every jar that is brought in during this month, Bank Midwest will donate \$1 to Harvesters. Harvesters is able to provide five meals for every dollar so each jar of peanut butter donated this month will feed a lot of people. Please consider making a peanut butter donation when volunteering with us at Harvesters!

Tech Topic

Published in this month’s CEP Progress®

“Solid-Liquid Equilibrium: The Foundation of Crystallization Process Design.

Use a phase diagram to identify the best temperature, pressure, and composition conditions, as well as the optimal sequence of process operations to achieve a desired crystallization.
