

AIChE U.S. & Canada Undergraduate Student Membership Benefits

Membership in AIChE is FREE for all undergraduate students in the U.S. & Canada who are taking any chemical engineering course, thanks to our generous sponsors.

Get these benefits:

- **SACHE Certificate** – Certificates of Safety Achievement that are valued by industry and presented by the Safety and Chemical Engineering Education Program (SACHE) & AIChE. You can complete your SACHE certificate in 8 different modules and receive 4 PDHs per module.
- **Scholarships & Awards** – Eligibility for over \$50,000 worth of scholarships and awards given annually to chemical engineering students who are members.
- **CareerEngineer** – Everything you need to get your internship and next job is here at AIChE's Career Management Center – resumé writing, interview prep and networking tutorials and access to industry research and career coaching. Load your resumé on CareerEngineer – the only ChemE focused job board where employers come to AIChE to find qualified interns and professionals.
- **Exclusive Internship Opportunities** – Find internships from our ScaleUp Platinum Sponsor, Chevron; Gold Sponsors, Air Products, AspenTech, Bayer, Corning, Dow, DuPont, Merck, Praxair, UOP; and Silver Sponsor, DCP Midstream.
- **Competitions** – From individual competitions like the National Student Design Competition to the popular Chem-E-Car® Competition that involves teams from universities around the country, there is a contest for everyone.
- **Content Archives** – AIChE's students get free, unlimited access to all archived content including webinars and meeting sessions.
- **The AIChE eLibrary** – Get online access to the AIChE eLibrary, including *Perry's Handbook*, AccessEngineering, plus McGraw-Hill's Chemical, Industrial, Energy, Nanotechnology, Material Science, Biomedicine, and Environmental libraries and many other interactive references, handbooks, standards and databases.
- **Social Networking** – Meet fellow students and professionals on AIChE's *Facebook* and *LinkedIn* pages, where you can exchange ideas, share content, post on forums, and more. Check out ChEnected, AIChE's online community created by, and for, young chemical engineers.
- **Free Division/Forum Membership** – Exclusively for student members: Free membership in up to two AIChE Divisions or Forums, technical groups that specialize in fields from environmental to nuclear engineering to sustainability.
- **The Pocket Handbook** – A handy reference of technical facts and formulas available to members only.
- **Online Publications** – Online subscriptions to *Chemical Engineering Progress*, AIChE's flagship magazine, as well as AIChExchange, the monthly e-newsletter with special ScaleUp Student Editions three times a year, and AIChE SmartBrief, a weekly email news digest.

*Student membership in other countries is just \$7. Visit www.aiche.org/internationalstudent.
