

INTERNATIONAL CONFERENCE ON BIOMOLECULAR ENGINEERING

Jan. 13-16, 2013 • Hyatt Pier Sixty Six • Fort Lauderdale, FL

Sponsorship Opportunities

SBE's 4th International Conference on Biomolecular Engineering (ICBE) will be held on January 13-16, 2013 in Fort Lauderdale, FL. The conference will be co-chaired by Ali Khademhosseini (Harvard University) and Kristala Prather (Massachusetts Institute of Technology). ICBE brings together researchers who are using quantitative approaches to advance the understanding and application of molecular biology. These scientists, engineers, and professionals are contributing to the development of analytical, diagnostic, and therapeutic strategies that are directly relevant to public health. If you are involved in one of the following seven areas, this is a great opportunity to highlight your company's or university's work.

1. Biomolecular Engineering for Cell and Tissue Engineering
2. Biophysical and Microscale Analyses of Molecular and Cellular Function
3. Experimental & Computational Tools for Engineering Biomolecules
4. Interface of Bionanotechnology and Biomolecules
5. Metabolic Pathway Engineering
6. Protein Engineering
7. Synthetic Biology

Several levels of sponsorship are available to allow you and your organization to choose a level you are comfortable with. Should you have additional or alternate suggestions for recognition we would be happy to discuss those with you. Please contact Ian Sergo at 646-495-1339 or ianse@aiche.org.

Thank you, in advance, for your support in making *The International Conference on Biomolecular Engineering* a success in 2013.

INTERNATIONAL CONFERENCE ON BIOMOLECULAR ENGINEERING

Jan. 13-16, 2013 • Hyatt Pier Sixty Six • Fort Lauderdale, FL

Exhibition Opportunities

All sponsors at the **secondary level and above** have the opportunity to exhibit at the *International Conference on Biomolecular Engineering*. You will have the opportunity to directly interact with professionals from company executives to leading academics. There is no better place to demonstrate your technologies and receive feedback from your customers. Exhibitors will be located in the same area as the breaks and receptions, and there are numerous opportunities for networking with conference attendees. Exhibitors can bring equipment for demonstration or their own booth set-up.

Those that choose the exhibiting option will be provided with:

- Table top booth display.
- Booth furnishings: draped table and two chairs, if needed.
- Company listed in the final program distributed to all conference attendees.
- Ability to distribute promotional material to all registrants.
- List of all registrants and their addresses.
- Company logo on conference website that links to your website.
- Recognition on conference emails that reach an audience of over 5000 biological engineers and scientists.

Note: Booth drayage, transportation costs, electricity, and hotel registration are not included.

For details on the conference, please visit the conference web site (<http://icbe.aiche.org>).

Please contact Ian Sergo at 646-495-1339 or by email at ianse@aiiche.org with any questions.
