

GLS12 - Sponsorship Opportunities

June 28-July 1, 2015 - New York, NY

The Conference

The 12th International Conference on Gas-Liquid and Gas-Liquid-Solid Reactor Engineering (GLS-12) follows the success of the 11 previous GLS conferences, which focus on all aspects of fundamentals and engineering of multiphase reactors and processes and bring together top class researchers and engineers from diverse fields.

GLS-12 will particularly emphasize topics related to sustainable energy and water.

Why Sponsor

The fundamentals and engineering of multiphase reactors and processes are some of the most important areas for application and practice in industry. The GLS conference is the premier venue to exchange state of the art findings and views. Sponsor support will help keep this important conference running, while also allowing you, the sponsor, the opportunity to be in front of this group of top class researchers and engineers.
