

Safety and Rules Verification Form

Submission instructions: Teams must submit this form with their Regional EDP. Print off both pages, have team members and your advisor sign and then scan the document and include it with your EDP.

Team Name: _____

Student Chapter: _____

1. Briefly describe the reaction / mechanism your vehicle uses to move.

2. Describe the reaction that your vehicle uses to stop at the designated finish line.

3. If your vehicle is 3 meters short of the designated finish line on the first run, what changes does your team make to the stopping reaction to adjust for the correct distance?

Safety and Rules Verification Form Page 2

We, the undersigned team members, leaders and advisor of _____ (university) Chem-E-Car Competition team, do hereby verify that we have complied with all rules and safety requirements, as posted on the AIChE Chem-E-Car Competition™ Web page. If we qualify (or our team is on the open slot list and are informed we are able) to compete at the Annual Student Conference Chem-E-Car Competition, we understand and agree that if our completed EDP package is not resubmitted by the October 2016 deadline, we will not be allowed to compete at the Annual Student Conference Competition.
