

AICHE ScaleUp Program: Building Bridges between Students and Industry

Objective:

- To engage and enrich the next generation of chemical engineers by connecting chemical engineering students with industry professionals.

Summary:

- ScaleUp promotes technical expertise and professionalism in the future chemical engineering workforce. Through corporate sponsorship, ScaleUp provides subsidized undergraduate membership in AIChE, career development tools, internships and employment opportunities to chemical engineering students at more than 160 colleges and universities in the United States and Canada. In turn, ScaleUp corporate sponsors gain access to future engineers who are among “the best and brightest” through AIChE’s initiatives, products and networking opportunities.

Highlights:

- Since its inception in 2007, ScaleUp has grown from 3,000 domestic student members to over 14,000 to date.
- Since 2008, the AIChE’s Safety and Chemical Engineering Education (SACHE) Certificate Program has awarded nearly 6,000 certificates to students who have demonstrated proficiency in process safety training.

To learn more about sponsoring AIChE ScaleUp visit www.aiche.org/scaleupsponsors or contact Cathy Diana, Director, AIChE Foundation at cathd@aiiche.org

AICHE gratefully acknowledges the 2011 – 2012 sponsors of ScaleUp:

Platinum

Chevron

Gold
