

Errata for

Safe Design and Operation of Process Vents and Emission Control Systems

2/15/07

Page 170: “These designs are discussed in Reference 7-29”.

Correction:

- Reword: “These designs are discussed in Reference 7-28”.
- Add to page 181: Reference 7-28. Gossel, Stanley S. 2002. Deflagration and Detonation Flame Arresters. New York, New York: Center for Chemical Process Safety of the American Institute of Chemical Engineers.
