BUSINESS MEETING

- Treasurer's Report
- Local Section Update
- Bylaws
 - The last time the Bylaws were reviewed and amended was prior to 1991. An amendment concerning re-election of the same person as Treasurer has been suggested, as well as communication procedures by the Local Section. The Executive Committee has decided that perhaps it is time to take a close look at the current Bylaws and AIChE's Model Local Section Bylaws and Charter and meld the two documents. Input from membership is needed.
- Celebrating 75 Years of the Maryland Local Section of AIChE
 - In February 2009, the Maryland Section will celebrate the 75th Anniversary of its first meeting as an AIChE Local Section. We would like to discuss ideas for a celebration of 75 years.
- Future Leadership for the Maryland Section
- Engineers Week Activities and the Engineering Challenges[™] of Maryland
- Trivia Night Fundraiser for Engineers Week, sponsored by the ESB Associate Society Council
