STAINLESS VALVE CO.

Visit us at ISA 2007 Booth #2724

This is NOT a knife gate valve!
The "flat ball valve"

- Custom designed to applications 4" to 72" with pressure ratings up to 1500#. Higher pressures available.
- For demanding high temperature, pressure shock waves, and aggressive flow media applications.
- Designed to be abrasion & corrosion resistant.
- Manufactured in Duplex, Hastelloy, Inconel, titanium grade 2, stainless steel 304, 316, 317 etc, any plate material.

We replace ball valves, knife gate valves, butterfly valves, and others.....
Our valves are made to last!

VMGSim™
Integrated Steady State and Dynamic Simulation.

Easily create process models of refining, chemical and oil/gas processing to troubleshoot, design or optimize your plant. Create steady state models, size and rate vessels, columns and heat exchangers. Add your control system to the model and click a button to run dynamically. Use the dynamic wizards to create and run dynamic depressuring and blowdown studies and model multistage compressors and antisurge control. Create custom unit operations and economic models embedded in your process model by dragging the Excel operation onto your PFD. Graphical User interface driven by embedded Visio. Completely Interactive, bidirectional simulation solver.

300 Multiphysics Presentations

COMSOL®, Inc. is now offering a free copy of the 2006 User Presentations CD! The CD is a compilation of over 300 user contributed slides, papers and models presented at multiphysics conferences worldwide. This unique presentation and proceedings CD covers a wide variety of applications including Chemical Engineering, Fluid Dynamics, Heat Transfer, Reaction Engineering and much more.

Designed to monitor high, intermediate or low point-level detection on dry bulk solids as well as liquids or slurries, the **Dynatrol®** Level Detectors are available in corrosion-resistant coatings. The compact, rugged detectors are built in the USA and are solidly constructed for a long operating life. They have no moving parts, require no adjustments and are virtually wear-free – delivering a worry-free solution for your demanding service conditions.

Request your copy of the latest **Dynatrol®** catalog - on CD!

Covers the complete **Dynatrol®** line of level switches & detectors, on-stream process analyzers, measurement & control instruments and a new line of accessories. Includes detailed drawings, wiring diagrams, and examples of proven uses.

TANK CLEANING EQUIPMENT

Chemdet has 35 years experience supplying a full line of quality equipment to clean or passivate the interiors of open or closed, large or small containers, tanks & vessels.

- Portable Tank Washers
- Clean-in-Place Tank Washers
- Drum and Barrel Washers
- Passivating Equipment
- Passivation Testers

For the Chemical, Pharmaceutical, Bio-Tech, Food, Dairy, Beverage, Nuclear and Transportation Industries.
