## Mixing Systems Brochure

The brochure describes Pulsair's mixing systems that release sequential pulses of air or gas to mix tank contents. Systems are adaptable from a single 55-gallon drum to multiple 1 million gallon tanks and can be managed from a central control unit. Pulsair mixers are currently in use worldwide in the petroleum, lubricant, wastewater, food and wine industries.

## Measure Color...Measure Quality

Learn the difference between  $45^\circ/0^\circ$  and  $d/8^\circ$  geometry. HunterLab systems measure reflected or transmitted color for materials in the form of solids, sheets, films, pellets, granules, tablets, powders, pastes and liquids. Bench-top, portable and on-line color measurement systems are available for the chemical industry. Instrumental measurement eliminates the subjectivity of visual methods, allows for greater sensitivity and maximizes repeatability.

## Thermal Components

Tempco's 864 page catalog offers Electric Heaters, Temperature Sensors, TEC Temperature Controls, Turnkey Process Heating Systems and related Accessory Items. New products include Gemini® Twin Bore Quartz Tube Heaters, Cool TO-THE Touch™ Extruder Shrouds and PPR-1800 Video Graphic Data Recorders. Select on-line from thousands of stock items or have Tempco custom design and manufacture for your application. Many products are recognized and/or certified by UL, CSA and CE.

## Scaling Analysis in Modeling Transport and Reaction Processes: A Systematic Approach to Model Building and the Art of Approximation

William B. Krantz

This book is unique as the first effort to expound on the subject of systematic scaling analysis. Not written for a specific discipline, the book targets any reader interested in transport phenomena and reaction processes. The book is logically divided into chapters on the use of systematic scaling analysis in fluid dynamics, heat transfer, mass transfer, and reaction processes.

## AIChE 2007 Annual Meeting Proceedings

The Proceedings of the 2007 AIChE Annual Meeting are now available for purchase. This CD-ROM contains more than 3,700 technical abstracts and 800 papers. Organized in an easy-to-use and fully searchable format, the proceedings cover nearly 660 technical sessions and 16 topical conferences. The cost for individual use is \$130 plus shipping. These proceedings, as well as other AIChE conference proceedings, can be purchased online at <http://shop.omnipress.com> or by calling Omnipress at 800-828-0305 or 608-246-2600 (international callers) or faxing 608-246-4237.

## New Promotional Literature?

Get the word out via Ad Lits in Chemical Engineering Progress. CEP Ad Lits appear in February, April, June, August, October and December. Book your schedule now and receive a discount with frequency. Bonus: Your Ad Lit will also appear in the digital edition with a free hyperlink back to your website. Ad Lits are a great way to promote your catalogs, brochures and spec sheets in print and online.
