## Mixing Systems Brochure

The brochure describes Pulsair's mixing systems that release sequential pulses of air or gas to mix tank contents. Systems are adaptable from a single 55-gallon drum to multiple 1 million gallon tanks and can be managed from a central control unit. Pulsair mixers are currently in use worldwide in the petroleum, lubricant, wastewater, food and wine industries.

## Liquid Analysis for Metals Extraction and Processing Brochure

This new application guide from Emerson Process Management includes advanced liquid measurement technologies. The guide outlines liquid analytical solutions for leaching and ore extraction, concentration and separation, finished product purification and waste disposal as well as approaches to network management for metals processing plants. If you'll pardon the pun, it's a gold mine of information.

To obtain a copy of the guide, call us at 1-800-854-8257, e-mail us at [liquid.csc@emerson.com](mailto:liquid.csc@emerson.com) or visit our website at <http://www.railhome.com/liquid>.

## Measure Color...Measure Quality

The UltraScan VIS spectrophotometer measures both reflected and transmitted color, and meets CIE and ASTM guidelines. As recommended by the CIE, spectral data is measured, and tristimulus color calculations are performed, from 360 to 780nm. Its light source is controlled in the ultraviolet region for the accurate measurement of whitening agents. APHA, Saybolt, Gardner, ASTM D 1500, Yellowness, Whiteness and Haze can be measured. The system's sphere geometry virtually eliminates errors introduced by sample haze.

## Dynatrol® Level Detector Switches

The G-Series suits extremely light powders or bulk solids that pack and bridge easily. Request your copy of the latest Dynatrol® catalog - on CD! Covers the complete Dynatrol® line of level switches and detectors, on-stream process analyzers, measurement and control instruments and a new line of accessories. Includes detailed drawings, wiring diagrams, and examples of proven uses.

## Thermal Components

Tempco's 864 page, 35th Anniversary catalog offers Electric Heaters, Temperature Sensors, TEC Temperature Controls, Turnkey Process Heating Systems and related Accessory Items. New products include Gemini® Twin Bore Quartz Tube Heaters, Cool TO-THE Touch™ Extruder Shrouds and PPR-1800 Video Graphic Data Recorders. Select on-line from thousands of stock items or have Tempco custom design and manufacture for your application. Many products are recognized and/or certified by UL, CSA and CE.

## Assmann's Chemical Feed Stations

Compact feed stations from Assmann store small amounts of liquids and other chemicals.

Constructed from high density crosslink or corrosion-resistant FDA compliant linear polyethylene, the feed stations are lightweight, strong and easy to handle with capacities from 40 to 550 gallons and feature easy-to-read volume markers and a pump shelf. Options include fiberglass shelves, various color choices and more. Manufacturing facilities in Garrett, IN and Marshall, TX. For more information, contact Assmann Corporation of America, 300 N. Taylor Road, Garrett, IN 46738. Phone: 888-357-3181. FAX: 888-826-5329 (TANK-FAX). Website: [www.assmann-usa.com](http://www.assmann-usa.com).
