Designed to monitor high, intermediate or low point-level detection on dry bulk solids as well as liquids or slurries, the **Dynatrol®** Level Detectors are available in corrosion-resistant coatings. The compact, rugged detectors are built in the USA and are solidly constructed for a long operating life. They have no moving parts, require no adjustments and are virtually wear-free – delivering a worry-free solution for your demanding service conditions.

Request your copy of the latest **Dynatrol®** catalog - on CD!

Covers the complete **Dynatrol®** line of level switches & detectors, on-stream process analyzers, measurement & control instruments and a new line of accessories. Includes detailed drawings, wiring diagrams, and examples of proven uses.

## Double Wall Tanks

**Corrosion-resistant, Chemical-resistant Polyethylene Tanks from Assmann**

- Primary and secondary containment in one integral unit
- Capacities up to 6,550 gallons
- Built-in containment security against hazardous chemical spills
- Outer shell containment equals 120% of primary tank capacities

**WHY ASSMANN?**

**VMGSim™**  
Integrated Steady State and Dynamic Simulation.

Easily create process models of refining, chemical and oil/gas processing to troubleshoot, design or optimize your plant. Create steady state models, size and rate vessels, columns and heat exchangers. Add your control system to the model and click a button to run dynamically. Use the dynamic wizards to create and run dynamic depressing and blowdown studies and model multistage compressors and antisurge control. Create custom unit operations and economic models embedded in your process model by dragging the Excel operation onto your PFD. Graphical User interface driven by embedded Visio. Completely Interactive, bidirectional simulation solver.

## Design Flow Solutions®

DF Branch | DF DesignNet

Design Flow Solutions is the most comprehensive, cost effective engineering aid available for complete hydraulic analysis of complex piping systems.

This powerful software package provides engineers with:

- Complete hydraulic analysis of complex piping,
- Effective solutions to fluid flow problems,
- Fast, reliable reference information.

**AICHE 100** CONFERENCE PROCEEDINGS

# 1908 TO 2008

2008 AIChE ANNUAL MEETING  
PHILADELPHIA, PA  
NOVEMBER 16 - 21, 2008

**The Proceedings of the 2008 AIChE Annual Meeting** are now available for purchase. This CD-ROM contains more than 800 technical papers and abstracts. Organized in an easy-to-use and fully searchable format, the proceedings cover more than 770 technical sessions and 17 topical conferences. The cost for individual use is \$130 plus shipping. These proceedings, as well as other AIChE conference proceedings, can be purchased online at <http://shop.omnipress.com> or by calling Omnipress at 800-828-0305 or 608-246-2600 (international callers) or faxing 608-246-4237.
