TECHNICAL SALES ENGINEERS

There's never been a more exciting time to work in the gas industry. Join an enthusiastic team of technical sales and licensing professionals pursuing business opportunities in this stimulating, growth market. To meet increasing demand for ProTreat®, the industry's premier mass transfer rate based process simulator for gas treating, Optimized Gas Treating, Inc. is seeking additional sales engineers. Work where your efforts have impact, and enjoy travel to interesting domestic and international locations. We are a 100% employee-owned company headquartered in Houston, TX. Compensation includes a solid base salary, generous commissions, excellent medical & dental benefits fully paid by company, 401(k) savings plan with matching contributions, tuition reimbursement program, paid vacation, and profit-sharing. Requirements: B.S. in Chemical Engineering with 2+ years' experience and a passion to succeed. **Submit resume to: Sherri.jakobs@protreat.com**

CCPS SENIOR PROCESS SAFETY SPECIALIST AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

This position can be based in the AIChE New York Global Headquarters or Houston Office. The American Institute of Chemical Engineers is seeking a Senior Process Safety Specialist for our Center for Chemical Process Safety

(CCPS). The successful incumbent will act as the project manager for key CCPS projects related to process safety publications and training, and other short and long term projects as assigned. For projects where vendors are used, the incumbent will oversee the selection of the vendor and manage the vendor. The incumbent will be a subject matter expert for CCPS and SACHE training including e-learning and face-to-face courses for a wide range of customers. The incumbent will also develop new educational materials and customize courses to meet customer requirements. Coordinate implementation and completion of assigned projects on budget and on schedule. Lead professional develop training course. Prepare and update relevant project budgets. Maintain relevant content on the public and secure member websites and develop new content. BS in chemical engineering or related discipline, with familiarity with process safety required. 15-20 years of experience in industry (or equivalent) desirable. Ability to travel approximately 45 - 50% of the time is required, including international travel. Good understanding of AIChE / CCPS and the workings of its volunteer structure, or prior experience working within a similar environment. Sensitive to multi-cultures highly desired. Foreign language skills a plus, especially Spanish, Chinese, and Portuguese. Seasoned trainer and/or facilitator in the process safety arena a plus. **Interested candidates may e-mail their cover letter and resume to recruitment@aiiche.org. Please note the title of the position in the subject line of the e-mail.** The American Institute of Chemical Engineers is an Equal Opportunity Employer.
