Date: 4-8-21

Location: virtual

Attendance: David Dutschmann, Jenny Heinlein, John Cahill, Marty Shelton, Miguel Maldonado, Ryan Chung, Carl Harry, Patty Summers

Agenda;

- Anti-Trust statement – Patty
- Presentation and Paper status update
- other conference details

Anti-Trust Statement:

“No activity of the Committee shall involve the exchange, collection or dissemination of information among competitors for the purpose of bringing about or attempting to bring about any understanding or agreement, written or oral, formal or informal, express or implied, among competitors with regard to costs, prices or pricing methods, terms or conditions of sale, distribution, production quotas or other limitations, on either the timing, or volume of production, or sales, or allocation of territories or customers.”

Meeting Minutes:

Since last meeting, the Eastman paper on butadiene recycle was dropped. As this was paper 82a, the other two papers will move up in time starting at 10:45am.

The Braskem paper was submitted twice. Was first submitted to the Rotating Equipment session, but wanted to be switched to ours. It never did get deleted from that first session causing confusion. It will be deleted and remain in our session 99.

Request: Can they leave the chat open a few minutes after the paper ends? – No. After the paper, the chat will end promptly. Further communication between the presenter and attendees can continue in the EPC chat room or by email.

All presentation recordings are uploaded. Vik and Patty received training for the session chairs. Speaker bios will be needed for the introduction which will happen in the chat in real time. This is same as last year.

Our session is on Wednesday April 21. First session starts at 10:45am and second session after lunch at 1:15pm.

Action items:

Gather bios for introduction.
