Speaker - Aaron Attebery ***The Future of Microgrids***

Aaron Attebery currently works as a Performance and Optimization Specialist for Black & Veatch where he improves utilities generating assets through Operational Intelligence Software as a Service. His latest project has been focused on the deployment of a "microgrid" at Black & Veatch's headquarters in Overland Park, KS.

Students from K-State, KU, and MU will join us to network and tell us about activities in their student chapters. **Jack Stack will be catering.** You won't want to miss it!

A huge **THANK YOU** goes out to Black & Veatch for sponsoring the event.

Let's come together and volunteer at Harvesters of Kansas City to help out some people in need. This is an awesome way to give back to this great community of ours! Everyone is welcome.

January's Bowling Night Recap

Thanks to all of those who attended our KC AIChE Bowling Night! We had a great

showing and a ton of fun.

The Air & Waste Management Association Midwest Section invites all AIChE members to join in their activities!

Need a Laugh?

Before studying engineering, if someone asked me what $1+1$ was, I would have said, "2." Now I'd say, "I'm pretty sure it's 2, but let's make it 3 just to be safe."
