

Dear UEFA Forum Members,

We hope you had a great holiday and wish you a wonderful year ahead. To better serve our UEFA subscribers, we would like to listen to your interests about UEFA events in 2017. Please take 30 seconds to fill out a survey at:

<https://goo.gl/forms/nMtkqApeRtkxDgwx1>.

We would also like to update you with recent UEFA events as well as more exciting events in 2017.

Past Upstream Engineering and Flow Assurance (UEFA) Forum

The past Upstream Engineering and Flow Assurance Forum at the 2016 AIChE Annual Meeting in San Francisco was a resounding success. We would like to thank all UEFA participants who attended and contributed. UEFA hosted 46 oral and 7 poster presentations in 8 technical sessions. In addition, UEFA held an inaugural student workshop. Approximately 20 UEFA members attended the social activity to discuss their work over snacks and drinks at a nearby restaurant. We look forward to the Spring Meeting in San Antonio, TX, we hope you'll join us!

2017 AIChE Spring Meeting and the 5th International Conference on Upstream Engineering and Flow Assurance

The 2017 AIChE Spring Meeting will take place on March 26-30, 2017 at the Henry Gonzalez Convention Center, San Antonio, TX. UEFA will host the 5th International Conference on Upstream Engineering and Flow Assurance. This conference will exhibit research progress in classic flow assurance subjects, including hydrate, wax and asphaltenes, as well as innovative solutions for unconventional resources. There will also be an emphasis on novel multiphase flow modeling studies. Please join us at the conference and listen to the exciting progress in UEFA research. More information of the 2017 AIChE Spring Meeting can be found at:
