

## **Joint ACS and AIChE Meeting Notice**

6 PM, Tuesday, December 4, 2012

Tour of

Momentive Performance Materials  
High-Purity Fused Quartz Plant  
611 O'Neill Drive, Hebron, Ohio

Dinner to follow at

Clay's Cafe | 808 West Main Street, Hebron, OH | (740) 929-2529

Mike Jones, Plant Manager, will provide an orientation talk. Mr. Jones received a General Engineering degree from the Naval Academy and an MBA from The Ohio State University. He served in the U.S. Navy for 20 years, attaining the rank of Commander.

Momentive Performance Materials is a world leader in the manufacturing of clear tubing; rods and solid shapes; and fused crucibles for growing single crystal silicon. Their fused quartz products are used in:

- Semiconductors
- Specialty Lighting
- Fiber Optics
- LED
- Solar/Photovoltaics  
[from momentive.com]

The key manufacturing platforms to be toured include the furnace draw, large diameter tubing re-size, and arc fusion.

### **Requirements for attendees**

1. Dress code and personal-protective equipment (PPE):
  - steel-toe shoes (Momentive has very limited number of ducks available)
  - hearing protection (Momentive will provide)
  - safety glasses (you must provide)
  - long pants (no exceptions)
2. You will be required to sign a Visitor Confidentiality Agreement.
3. Cell phones and cameras are prohibited. Please leave these in your car.

### **Parking and Directions**

Please arrive at the north lobby entrance between 5:45 and 5:55 PM. Exit I-70 at mile marker 129. Head north on Hebron Road (State Route 79) about 2.4 miles. Turn right on O'Neill Drive and go about 0.4 miles east. Turn right into the Momentive plant. Park at any available spot. Enter the building via the north lobby entrance.
