### March Section Meeting: Wynkoop Brewing Tour & Tasting

Since 1988, Wynkoop Brewing Company has been a pioneer on the American beer landscape. They were the first brewpub in the now beer-rich, craft beer heaven of Colorado.

Their thirst for beers beyond the status quo led them to hand craft porters, meads and cask-conditioned beers (they were cask when cask wasn't cool) and other current craft beer fixtures that beer lovers had never tasted before. Now is your chance to see behind the scenes! Participants will get to sample four different beers along the way.

#### IMPORTANT NOTES:

- **The tour is limited to 40 people.**
- **RSVP deadline is Thursday, March 19 at 5pm.**
- **Tour participants must be at least 21 years of age.**

#### PUNS FOR EDUCATED MINDS

Two Eskimos sitting in a kayak were chilly, so they lit a fire in the craft. Unsurprisingly it sank, proving once again that you can't have your kayak and heat it too.

Two hydrogen atoms meet. One says, 'I've lost my electron.' The other says 'Are you sure?' The first replies, 'Yes, I'm positive.'

There was the person who sent ten puns to friends, with the hope that at least one of the puns would make them laugh. No pun in ten did.

## Volunteer Judges Needed for the State Science Fair at CO State University April 9 in Fort Collins

This year the State Science Fair will be held in the Lory Student Center, North Ballroom on the Colorado State University campus in Fort Collins. Judging will be held on April 9, between 12:15 p.m. and 5:00 p.m. As always we have a need for any member to participate. We are special judges, who hone in on projects that have a Chemical Engineering focus.

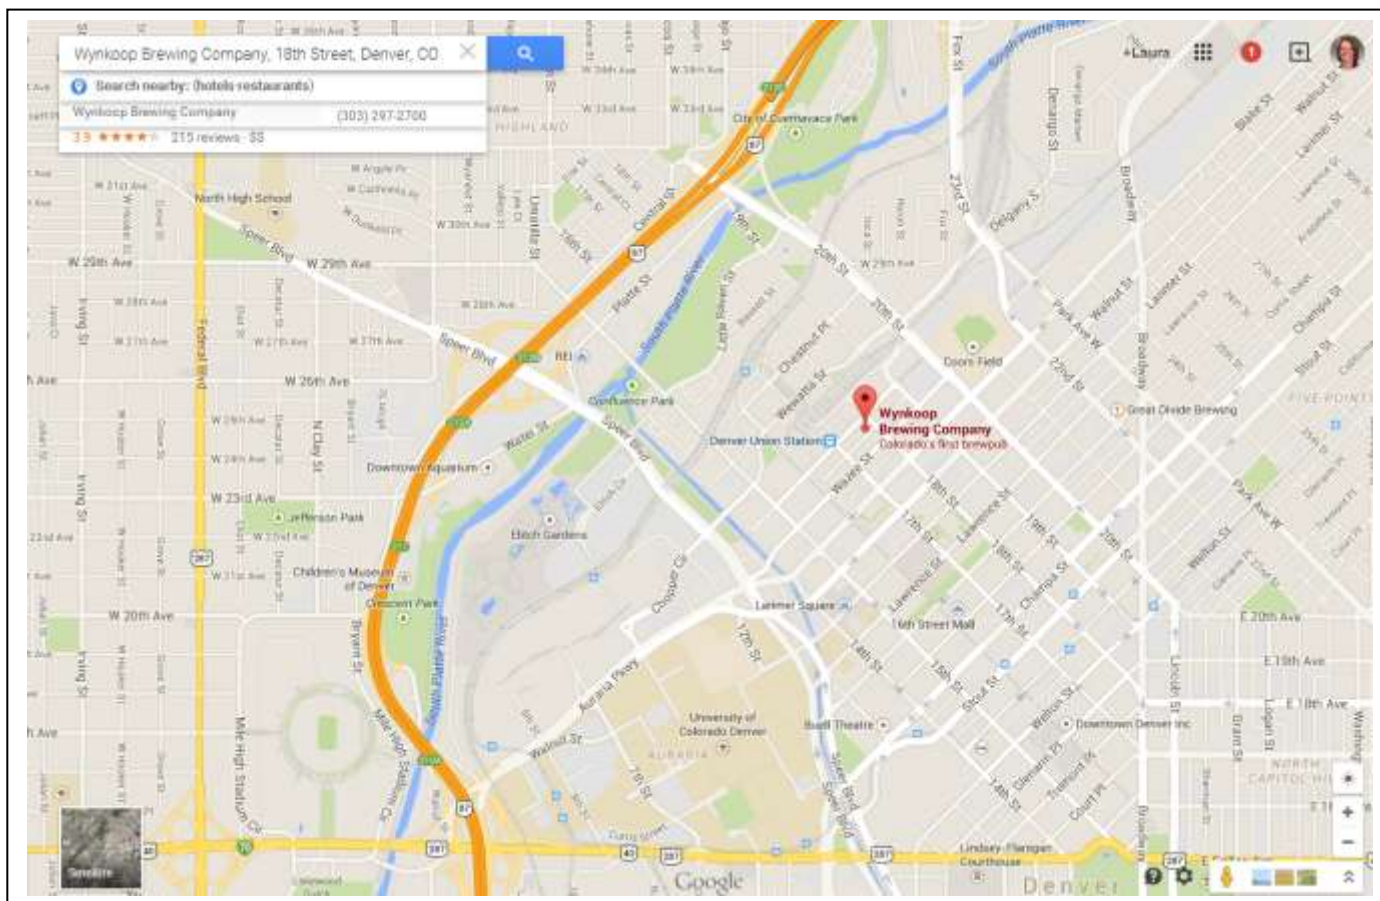

A judges meeting starts around 12:00 noon at one of the rooms on the same floor as the ballroom. Yummy pizza, soda, and cookies are provided for our gastronomical delight.

If you wish to judge this year please contact Michael Mutnan at 303-423-1586 or via e-mail at [mmutnan@juno.com](mailto:mmutnan@juno.com). I will add your name to our official list. You will then receive a judge's packet and have your official credential waiting for you. If you become a walk in, you will receive a hand written badge.

If anyone wants to review the projects, they will be available at the end of February or the beginning of March. You can find them at <http://www.csef.colostate.edu/>. Find the hot button for project papers or some other similar title.

This is a very intense, but fun day. The section would love to have you there.
