### Meeting Announcement

#### Design and Application of Clean-In-Place (CIP) Systems by Brian Gehrke – A&B Process Systems

Location: University Club, 4200 Hillsborough St, Raleigh NC 27606  
When: Tuesday, October 13, 2015  
Time: Social starts at 5:30 PM; Dinner at 6:30 PM; Lecture at 7:00 PM  
Request: Bring your spouse or a guest.  
Fee: Free for AIChE members. \$15.00 for non-members for buffet dinner  
Limit: The event is limited to 50 persons, so RSVP early

This seminar will cover design guidelines and best practices for the design and application of Clean-In-Place (CIP) Systems. The presentation will discuss sizing of CIP tanks and systems, spray device types and applications, troubleshooting, tank designs relative to optimum CIP efficiency, integrity of the process piping system, high purity welds and more.

Brian is the Executive V.P.-Key Accounts for A&B Process Systems. His industry background included his start as a Mechanical Designer and progressing thru various roles including Process Systems Engineering, Project Management & Sales Engineer before moving into his current role.
