Meeting Announcement

Serialization – Implementation for Filling/Packaging Lines by Carlos Machado – SEA Vision

Location: University Club, 4200 Hillsborough St, Raleigh NC 27606
When: Thursday, October 26, 2017
Time: Social starts at 5:30 PM; Dinner at 6:30 PM; Lecture at 7:00 PM
Request: Bring your spouse or a guest.
Fee: \$10 for AIChE members. \$15.00 for non-members for buffet dinner
Limit: The event is limited to 50 persons, so RSVP early

This seminar will review key components for successful serialization implementation of pharmaceutical filling and packaging lines. Topics include data management, track and trace, serial number standard formats and requirements, labeling equipment, detection and verification equipment, 2D and 3D formats, strategy for labeling, design specifications to consider, and the new regulations that become effective next year. This technical presentation will be useful for meeting attendees that are process and packaging engineers, A&E project engineers, designers, and consultants.

Carlos Machado is the Professional Services Director – Serialization for SEA Vision. He is responsible for the marketing, sales and PMO for the US and Canadian markets, while supporting global strategies across the business. He has 9 years of experience delivering successfully over 50 serialization projects as a Senior Project Manager and leading the implementation of over 75 serialization projects in his roles as Global Operations Director and Professional Services Director. Carlos obtained his MSc in Project Management focused in Global Program Management from University of Liverpool.

Please RSVP by October 23rd
