Please join us on Thursday, February 28th from 5:30 to 8:00 PM at Bond Brothers Beer Company in Cary for a brewery tour / social / evening of networking. Meet and mingle with chemical engineers working in and around Raleigh along with students from NC State's AIChE Student Chapter.

Bond Brothers Beer Company started as a group of brewers competing in local and regional homebrew competitions. Their success in these competitions fueled the desire to brew on a commercial level. Certified Cicerone Brewmaster Whit Baker and crew have developed a vast array of proven recipes to satisfy all craft beer lovers. Whether you enjoy Stouts, IPAs, Saisons or Sours, Bond Brothers' beer offerings are sure to please.

Bond Brothers Beer Company decided to make historic downtown Cary their home. With 14 unique beers on tap and over 9000 square feet of brewery, taproom and beer garden to enjoy, they have built a destination that matches the quality of their beers. Bond Brothers has created a must see destination in the heart of the Triangle.
