

BENEFITS OF MEMBERSHIP

EASTERN NORTH CAROLINA SECTION

AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

MISSION

To provide an organization to further the growth and professionalism of Chemical Engineers through a program which promotes education, community involvement, professionalism, and networking.

GOALS

Networking:
Promote the formation of closer professional and personal relationships for members.

Education:
Provide educational opportunities for members to enhance professionalism and stay abreast of technology and trends.

Organization:
Maintain sufficient organizational and financial resources to maximize membership involvement, retention, and growth.

Professionalism:
Advancement of the profession of Chemical Engineering and maintenance of high professional standards among its members.

Student Outreach:
Promote relationships with the AIChE student chapter.

Community Involvement:
Provide support to the local community and provide a vehicle for organizational recognition.
