

NSPE Guiding Principles (2021)

Our Vision

A world where the public can be confident that engineering decisions affecting their lives are made by qualified and ethically accountable professionals.

Our Mission

To foster licensed professional engineers in service to society. Our Values: Ethics & Accountability, Qualifications, Professional Advancement, and Unity

Our Goals

Impact, Recognition, Engagement, Synergy and Stability

NSPE Professional Policy No. 1 - Diversity

It is the policy of NSPE to create a diverse and welcoming environment for everyone interested in the licensed practice of engineering. NSPE recognizes the benefits of a diverse population of licensed engineers in shaping the future of engineering. Diverse backgrounds foster unique contributions and capabilities and create an inclusive community ultimately leading to a more creative, effective and technically respected community. NSPE proactively encourages diversity in all areas of the engineering profession and within the organization. NSPE's business entities and volunteer groups are committed to developing business practices and position statements in support of this policy.

NSPE Code of Ethics for Engineers

III.I.f. Engineers shall treat all persons with dignity, respect, fairness and without discrimination.

NSPE Strategic Plan - Promoting Diversity and Tomorrow's Profession

- Develop and promote a culture of diversity and inclusion across all levels of NSPE.
- Join with others to promote a culture of diversity and inclusion across the profession.
- Identify and create opportunities to attract, nurture and retain diverse members of the profession.
