Chair), **Michael Galgoczy** (AIChE Chair), **Ben Horwitz** (Process Simulation Chair), **Lisa Rimpf** (Chief Information Officer), **Gary Peck** (Secretary). **Joe Spagnuolo** (Vice-Chair), **Gurmukh Bhatia** (Process Safety Chair), **Chris Wirth** (CWRU Student AIChE Advisor), and **Joseph Yurko** (Newsletter Editor & Webmaster); Not shown: **Charles Roe** (Past Chair), **Sam Datta** (Treasurer), **John Juchnowski** (Young Professionals Chair), and **Jorge Gatica** (CSU Student AIChE Advisor)

CLE AIChE Local Section Vision Statement

AIChE Local Sections serve as the lifelong professional home for AIChE members in all sectors of chemical engineering. Each AIChE member is affiliated with a Local Section. It is the most personal and accessible point of contact for professional support from AIChE. Our local Section has the oversight and guidance of the Local Section Steering Committee. We provide support in the areas of career and leadership development, continuing education, networking, and supporting the local community. Every Local Section provides the best support based on the local interests and needs of its members. In-turn, Local Sections depend on dedicated volunteers to support programming and pay dues. With this support, Local Sections can provide benefits to members that far outweigh the costs of membership. Local Sections will strive to be self-sustaining, highly relevant to all AIChE Members, and advanced in the use of information technology (web and social media) to reach out to the community and members with more value.

AIChE Judging of Northeastern Ohio Science & Engineering Fair (NEOSEF), at CSU in 2025 in Washkewicz Engineering Hall. The NEOSEF banquet was held at the Parma branch of the CCPL. CCPL Strongsville Branch ACS **National Chemistry Week** with Picture Perfect Chemistry program. CCPL NSPE **National Engineers Week** with Bridges, Boats & Catapults Program.

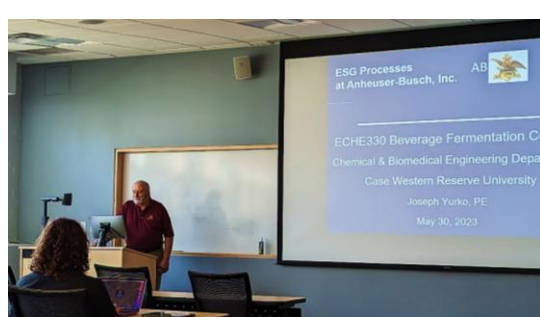

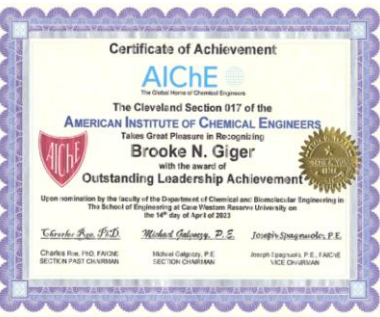

Monthly Meeting in-person events with AIChE Cleveland Section (meetings in 2024-2025). Each month during the school year the AIChE Cleveland Section holds a meeting on various technical & ethical topics and Safety Seminars. Monthly events are posted on our Website and CTSC Email notification system for your general interest in attending and receiving a CLE AIChE CPD certificate.

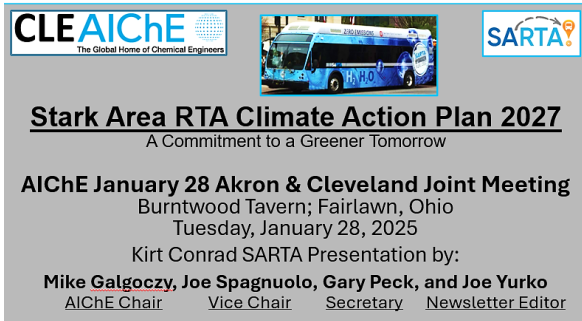

AIChE Student Chapter, Department of Chemical and Biomedical Engineering, Washkewicz College of Engineering CSU (AIChE certificates & \$100 check awards for Leadership & Academics). On campus Pump & Process Simulation Seminars.

AIChE Student Chapters: Department of Chemical and Biomolecular Engineering, CASE School of Engineering, CWRU (AIChE certificates & \$100 check awards for Leadership & Academics). May Fermentation Course. On campus Process Simulation Seminar.

AIChE Government Interaction with US Department of Energy H2 Hub AMR as well as OH, PA, and WV Climate Change. ARCH2 Hub awarded \$1 B for OH, PA, and WV Clean H2 Hub. Appalachian Regional Clean H2 Hub grant from Department of Energy funded this year. AIChE received the Stark Area RTA (SARTA) Climate Action Plan through 2027.

Young Professionals gathering at AIChE monthly meetings: Young Professionals celebrated at Oktoberfest, at chemical engineering career journeys, and process safety & simulation seminars on campus at CSU and CWRU. CSU & CWRU Young Professionals were undergraduate and graduate level students (MS & PhDs).
