

Career Guidance Overview: Susquehanna Section of AIChE

The Susquehanna Section of the American Institute of Chemical Engineers (AIChE) is interested in providing your students with information about **Careers in Chemical Engineering**. Chemical engineers have volunteered to visit your high schools as well as shadow students to help them better understand the field of chemical engineering. We also offer scholarships to 1-2 seniors planning on pursuing a degree in chemical engineering.

Information about our programs is summarized below.

Scholarship: Our section offers a one time \$750 scholarship to 1-2 high school seniors planning to pursue a degree in chemical engineering. Use the form **Susq AIChE Scholarship Application 2018** to apply for the scholarship. Applications are due by **March 30th**.

High School Visits: A local chemical engineer visits your school to give a presentation on careers in chemical engineering. This could be given during a career day or an appropriate chemistry or science class. Use the form **Susq AIChE High School Visit Request 2018** to request a visit. Applications are due by **March 9th**.

Shadowing Program: Our section has a shadowing program which allows high school students to meet with a chemical engineer at a local company for a half day to learn more about the profession. Use the form **Susq AIChE Shadow Request 2018** to apply. Applications are due by **March 2nd**.

The above referenced forms can also be accessed from the Susquehanna AIChE website if needed. The following link, <https://www.aiche.org/community/sites/local-sections/susquehanna/educational-outreach-aiche-ls-section>, will take you directly to these documents.

My contact information is given below if there are any questions.

Best Regards,
