FEBRUARY 2004

## MONTHLY MEETING • FEBRUARY 5, 2004

### STUDENT NIGHT BARBEQUE AND BREWERY TOUR

All Chemical Engineering Students (graduate and undergraduate) from Rice, TAMU, PVAMU, and UH are invited to Students' Night February 5th, 2004, at the St. Arnold's Brewery. Free Barbeque dinner and one free (age-appropriate) drink! Meet your future colleagues, cheer the scholarship winners from your school, and attend the free job-finding workshop.

The St. Arnold Brewing was founded in October 1993, and is Houston's first Microbrewery. It was founded by Brock Wagner and Kevin Bartol, a pair of Rice University alums who decided that brewing beer was more fun than their day jobs. The brewery's first keg was tapped on June 9th, 1994. St. Arnold offers eight handcrafted, award-winning beers in the greater Houston, Austin and Dallas/Ft. Worth areas. The tour will be conducted by Pete Nordloh, St. Arnold's head brewer.

#### Directions:

From West 610 Loop:

*Exit 290 at Antoine/34th Street. Make a U-turn under the freeway and take the feeder road southeast for 1/4 mile. Then turn right on Mitcheldale. Take the second left onto Fairway Park Drive. The Brewery is 150 yards down Fairway Park Drive on the left.*

From 290 coming in toward town:

*Exit 290 at Antoine/34th Street. Follow the feeder road past Antoine, past 34th Street and continue on one mile further. Then turn right on Mitcheldale. Take the second left onto Fairway Park Drive. The Brewery is 150 yards down Fairway Park Drive on the left.*

### No Regular Workshops this Month

All regular workshops are replaced by special interest tasting and rating teams evaluating the St. Arnolds product line. Visit [www.sts-aiche.org](http://www.sts-aiche.org) for more information.

### Job Finding Workshop

For students to job search, they must first learn how to write a resume and then how to interview – as the sole purpose of writing a resume is to get a job interview.

Job-seekers should keep a daily record of all their contacts, resumes mailed out, etc. Each resume sent out **MUST HAVE** a cover letter, that spells out why you are applying for the job, your qualifications, and a short sign-off paragraph that you are available **NOW!**

We will discuss the source of many job leads, what the library and Internet hold for you, and how best to use all the resources at your disposal. We will show you how to determine who is behind a blind ad, and how to use your references!

Finally, we will discuss networking during a self-directed job search. Some of this discussion will hit you between the eyes and the other "stuff" will open your eyes to the real world outside. We want to help you, the student, to get off on the right foot in your job search.

Come to the "Beer & Bar-b-que" meeting and really learn something.
