

AIChE | National Capital Section

NCS Awards Ceremony: October 27th, 2022 at 6:30 pm ET

Annual NCS Outstanding Student Award Ceremony for Howard University and
University of Maryland College Park

The AIChE National Capital Section (NCS) is proud to recognize exemplary students from the Capital region's universities and through this in-person networking and career exploration opportunity! Join us on Thurs, October 27th for the 2022 NCS Outstanding Student Awards Ceremony that awards student achievement at the chemical engineering departments of both Howard University and the University of Maryland. Following the ceremony, learn about chemical engineering career opportunities by networking with highlighted professionals and leaders who have chosen traditional and non-traditional career paths!

DATE: October 27th, 2022, at 6:30 pm ET

EVENT LOCATION: Keyboard and Pepco rooms, Jeong H. Kim Engineering Building ([Map Link](#))

RSVP: For RSVP please email nationalcapital.aiche@gmail.com by noon on 10/27

AVAILABLE PARKING LOT: Lot B ([Map Link](#))

EVENT AGENDA (Time in EST):

6:30 pm – NCS Greetings & Announcements

6:45 pm – Student Award presentations by Howard University & University of Maryland Faculty

7:00 pm – Breakout Sessions: Networking and career guidance with Chemical Engineering Professionals

8:00 pm – Adjourn

DETAILS

For over 20 years, AIChE-NCS has presented an annual award that recognizes outstanding chemical engineering students from both Howard University and the University of Maryland. Students are recognized by department faculty for their exemplary academic accomplishments and community contributions.

Despite continued challenges posed by the ongoing pandemic, the NCS is proud to finance the awards and preserve this event as a virtual ceremony in 2020 and 2021, and are excited to be back in person in 2022!

We are excited to have four chemical engineers with various career paths participating in our Q&A panel, so bring your questions! In addition to highlighting Outstanding students in the NCR, this event also offers networking between professionals.

Attend!

Support Outstanding Students and Peers!

Learn about potential next steps in your careers!

Network with nationally recognized Chemical Engineering leaders!
