DIVISION OF AIChE

Connect with like-minded colleagues and take
advantage of all AIChE has to offer.

About AIChE

Founded in 1908, AIChE is the world's leading organization for chemical engineering professionals, with more than 60,000 members from more than 110 countries. AIChE has the breadth of resources and expertise you need whether you are in core process industries or emerging areas.

As a member, you can access information on recognized and promising chemical engineering processes and methods. Connect with a global network of intelligent, resourceful colleagues and their shared wisdom.

Find learning opportunities from recognized authorities. Move forward professionally with AIChE and enrich the world we live in.

MEMBER BENEFITS

Technical Resources

Keep apprised of new developments in the chemical engineering profession through our *CEP* magazine, and via AIChExchange and SmartBrief electronic newsletters.

Conferences

Get the lowest rates on future conference registrations — including the AIChE Spring Meeting and Global Congress on Process Safety which brings together over 2,300 attendees from industry.

Education

Build new technical knowledge through live and archived webinars, as well as self-paced eLearning courses.

Advance Your Career

Whether you're actively searching or just researching possibilities, CareerEngineer is the leading e-recruitment source for chemical engineers at every level, in every field.

AIChE Engage

Cultivate meaningful professional relationships through AIChE Engage, the mobile-friendly community discussion platform.

Professional Liability Insurance

Get world-wide* coverage with custom underwriting by Lloyds of London and reduce your risks and protect your income and assets with a solid E&O plan.

Member-Only Discounts

Members save on journals, books, and personal services like UPS, and have access to travel & shopping discounts.

*except China & Russia

EXCLUSIVE TECHNICAL CONTENT, AVAILABLE ONLY TO CAST MEMBERS

CAST is about process systems engineering. Its five divisions – (a) Systems and Process Design (b) Systems and Process Control, (c) Systems and Process Operations, (d) Applied Mathematics and Numerical Analysis and (e) Information Management and Intelligent Systems – provide focused content within the broad field of process systems engineering.

Opportunities to get involved through programming at technical sessions at AIChE's Annual and Spring Meetings and the other conferences CAST supports – FOCAPO, FOCAPD, CPC, ACC, PSE, IFAC-cosponsored meetings, and others.

WebCASTs: the CAST Division webinar series bringing tutorials by world-class experts to your desktop and workplace.

Newsletters with information about employment opportunities, conference announcements and calls for papers, webinar announcements, and other information of general interest to the profession.

A free subscription to CEP Magazine. Like to read on the go? Access the latest issues of the new CEP Mobile App, for members-only.

AIChE's eLibrary, powered by **Knovel**, to solve increasingly complex technical problems. Increase your productive research of leading technical handbooks, material, and critical databases using Knovel's unique analytical tools.
