

2020 Fall Events

Saturday, November 15

Undergraduate Professional Workshop for Women & Minorities

3:00 PM - 4:30 PM, vFairs Auditorium

Undergraduates!, join us for this workshop that will help answer your questions on career choices. Students thinking about graduate school, come and learn what the application process entails, how to select a school and an advisor, what fellowships to apply for, etc. For students interested in industrial opportunities, learn how to land a dream job. For those still deciding, come and learn about what careers in academia, industry, and government labs entail.

Tuesday, November 17
