

ESSS/Ansys PTF Student Travel Grant Awards

This award supports up to two students who are attending the AIChE Annual Meeting and presenting in one of the Particle Technology Forum Sessions. It aims to support early registration to the Annual Meeting and one ticket to the PTF Awards Dinner. In addition, this award is intended to encourage the winners for future engagement in the PTF community. The awards are contingent on a candidate meeting the criteria and all two awards may not be granted every year.

Selection Criteria

1. Applicant must be a current graduate student who is or whose advisor is a member of the Particle Technology Forum and the student is planning to present a paper at the meeting (regardless of receipt of the award); and
2. The student has already submitted her/his abstract for the Annual Meeting and plans on attending (regardless of support); and
3. No more than one application per research group/advisor is submitted (advisors are urged to encourage their best applicant to apply)
4. Selection will be based on: (a) The quality of title/abstract; (b) Timeliness (current hot topic) and relevance of presentation with regard to particle technology; (c) Perceived student independence; (d) Perceived student ability to increase inclusion, diversity from underrepresented groups; (e) Perceived or expressed financial need.
5. Students applying for the award must be at least 21 years of age at the date of the PTF Awards Dinner.
