

# Attend THE 12<sup>TH</sup> NATURAL GAS CONVERSION SYMPOSIUM

New Vistas on Shale

June 2-6, 2019 | Grand Hyatt, San Antonio, TX

REGISTER  
BY APRIL 22  
AND SAVE

This triennial Symposium has been bringing together world leaders in natural gas conversion to share information on the latest trends in research and technology since 1987.

NGCS12 will provide attendees with an opportunity to hear about new and exciting natural gas conversion research and technology.

- **Four Invited Plenary Speakers**

**Dr. Enrique Iglesia**, Theodore Vermeulen Chair in Chemical Engineering, University of California at Berkeley and Faculty Senior Scientist, *E.O. Lawrence Berkeley National Laboratory*

**Dr. Bob Maughon**, Vice President, Research & Development, *The Dow Chemical Company*

**Dr. Vijay Swarup**, Vice President of Research and Development, *ExxonMobil Research and Engineering Company*

**2019 Award for Excellence in Natural Gas Conversion**

The 2019 Lecture will be delivered by **Dr. Unni Olsbye**, Professor, *University of Oslo*

- **Featured Keynote Presentations** that highlight the best of the latest R&D and technology solutions.

- **More than 250 expert oral and poster presentations** over four days of technical programming.

In addition to these exciting presentations, the program will provide an opportunity for attendees to experience **exclusive site visits** to area facilities at the forefront of global gas research and conversion as well as a **social program** highlighting the best of San Antonio.
