

2019 AIChE[®] ANNUAL MEETING

19 AIChE
Annual Meeting, Orlando, FL

Transforming the Future through Chemical Engineering

For best rates register by September 30

With this year's abstract submission at its highest yet, the **2019 AIChE[®] Annual Meeting** at the Hyatt Regency in **Orlando, FL** this **November 10-15**, is the must-attend meeting for chemical engineers.

Academic and industry experts will cover a wide range of topics relevant to cutting-edge research, new technologies, and emerging growth areas in chemical engineering.

Topical Conferences include:

- Applications of Data Science to Molecules and Materials
- Advanced Fossil Energy Utilization R&D
- Ammonia Energy
- Chemical Engineers in Medicine
- Concentrated Solar Energy for Power Generation and Chemical Processing
- Entrepreneurship in Chemical Engineering - Sponsored by CIEE ■
- Food Innovation and Engineering ■
- Innovations of Green Process Engineering for Sustainable Energy and Environment
- Microbes at Biomedical Interfaces
- Next-Gen Manufacturing ■
- Sensors
- Synthetic & Renewable Fuels

■ Supported by the AIChE Foundation

AIChE
The Global Home of Chemical Engineers

Co-located Events happening November 9-10

Conference on Engineering Cosmetics and Consumer Products (ECCP)

This two day conference will bring together scientists and engineers working in R&D, process development and academics in the fields of consumer products and cosmetics to showcase new insights and technologies, pitch new technologies and network with experts. aiche.org/eccp

Industrial Water Use and Reuse Workshop 2019

This workshop will focus on understanding the current status of water usage, treatment, and recycling in the oil and gas sector along with a review on sustainability. aiche.org/water
