

It's Not Just a Conference...

It's Where Industry Moves Forward.

SPRING26 +22ND GCPS

A Joint AIChE and CCPS Meeting

April 12 – 16, 2026
Houston, TX

More than a technical meeting, the AIChE® Spring Meeting & 22nd GCPS is a **global hub for innovation, collaboration, and real-world solutions.**

Join a worldwide community of engineers, operators, decision makers, and key opinion leaders to explore proven strategies, real-world case studies, and cutting-edge technologies shaping the future of the process industries.

What You'll Experience

Powering the Energy Transition

Hydrogen, CCUS, sustainable fuels, and practical pathways to net zero

AI, Data & the Digital Plant

From Industry 4.0 to real-time analytics, modeling, and generative AI

Next-Generation Process Innovation

Process intensification, advanced separations, and energy-efficient design

Operational Excellence at Scale

Reliability, optimization, scale-up, and profitability from pilot to plant

Safety, Risk Management & Regulatory Confidence

Modern PSM, risk mitigation, and engineering decision-making you can trust

Register by **February 16** at aiche.org/spring and save!
