

AICHE AND GINKGO BIOWORKS PRESENT:

FIRESIDE CHAT: A DIVERSITY, EQUITY, & INCLUSION CONVERSATION

The American Institute of Chemical Engineers' Society for Biological Engineering and Ginkgo Bioworks are pleased to invite you to a dynamic conversation on the topic of diversity, equity, and inclusion (DEI). As the field of industrial biotechnology continues to evolve into new markets and drive new innovations, a discussion on how to integrate and advance DEI in parallel with our efforts remains an important topic. You are invited to engage with our panelists and attendees in discussions related to creating new partnerships, efforts to foster more diverse and inclusive workplaces, and other considerations for DEI and the STEM field at large. Join us!

PANELISTS:

LISA KENNEDY, Director of Business Development; Genomatica

ERIKA JEFFERSON, President & Founder; Black Women in Science & Engineering (BWISE)

NIGEL MOUNCEY, Director; Joint Genome Institute (JGI) at Berkeley Lab

Moderated by: LADY IDOS; Chief Diversity, Equity, & Inclusion Officer; Berkeley Lab
