## COMMERCIALIZING INDUSTRIAL BIOTECHNOLOGY

May 13-14, 2019 | Double Tree by Hilton | Los Angeles, CA | [www.aiche.org/cib](http://www.aiche.org/cib)

## REGISTRATION NOW OPEN

The **2019 Commercializing Industrial Biotechnology (CIB)** is a workshop where industrial biotech thought leaders – in particular, those who have been through it all – will share their experiences and their views on current challenges. The outcome is a sharing of common learnings that can help us all advance further and together.

The theme of the 2019 conference is the global impact of industrial biotechnology. The conference will explore the commercialization of biotech and ways in which biotech is growing into new global markets.

### Session topics include:

- From Commodities to Fine Chemicals
- AgBiotech & Feedstocks
- Deployment
- Investment Trends
- Market Pull
- New Wave of Products
