

**Annual Student Conference Workshops**  
 Saturday, October 28, 2017

8:45	9:30	<b>Breakfast</b> <i>Ballroom A/B</i>						
9:30	10:45	<b>Opening Keynote and Welcome Session</b> Keynote Speaker: Bernard A. Harris Jr., Chief Executive Officer and Managing Partner of Vesalius Ventures, Inc., Former NASA Astronaut <i>Main Auditorium</i>						
<b>Session Breakouts</b>								
		<b>Creating Innovative Student Chapter Programming</b> <i>103 A/B/C</i>	<b>How-tos for Student Chapters</b> <i>102 A/B/C</i>	<b>Fine Tuning your Professional Skills</b> <i>101 J/I</i>	<b>Countdown to Graduation</b> <i>101 A/B</i>	<b>Career Opportunities</b> <i>102 D/E/F</i>	<b>The Wide World of Chemical Engineering I</b> <i>101 F/G/H</i>	<b>The Wide World of Chemical Engineering II</b> <i>101 C/D/E</i>
10:45	11:30	How an AIChE Leadership Position Impacts Your Job Interviews <i>Lamar University Student Chapter</i>	Compete in and Host a Chem-E-Car Competition <i>Tianjin University Student Chapter</i>	Effective Interviewing <i>Greg Yeo, Chief Engineer, ExxonMobil Chemical</i>	Life after Graduation: Industry as a Chemical Engineer <i>Young Professionals Committee</i>	Washington Internships for Students of Engineering <i>Jami Summey-Rice, WISE Intern</i>	Impeller Performance Characteristics: Power, Flow, Shear and Efficiency <i>North American Mixing Forum and Process Development Division</i>	Nanoscale Science & Engineering: Paving the Future of the Field <i>Nanoscale Science and Engineering Forum</i>
11:30	11:45	<b>Break</b>						
11:45	12:30	Internet of Brewing (IoB) - The Digital Revolution Meets Beer <i>University of British Columbia Student Chapter</i>	Elucidating Dangerous Processes: the Chem-E-Car Write Up <i>Chem-E-Car Committee</i>	Influential Leadership <i>Victoria Baldwin and Marcus Mello, Chevron</i>	An Inside Look at Graduate School <i>Young Professionals Committee</i>	Global Opportunities with Evonik <i>Peter Valdez, Process Engineer, Evonik</i>	World of Particle Technology <i>Particle Technology Forum</i>	Sustainability in Chemical Engineering <i>Sustainable Engineering Forum</i>
12:30	13:30	<b>Lunch</b> <i>Ballroom A/B</i>						
13:30	14:30	<b>Executive Panel</b> <i>Main Auditorium</i> Moderator: Michelle Bryner, Lead Engineer, Facilitation Process Manager, AIChE Panelists: Nance Dicciani, Former President & CEO, <i>Honeywell Specialty Materials</i> Lance Collins, Joseph Silbert Dean of Engineering, <i>Cornell University</i> Cordell Hardy, Technical Director, <i>3M Commercial Solutions Division</i> Gregory Yeo, Chief Engineer, <i>ExxonMobil</i>						
14:30	14:45	<b>Break</b>						
		<b>Creating Innovative Student Chapter Programming</b>	<b>How-tos for Student Chapters</b>	<b>Fine Tuning your Professional Skills</b>	<b>Alternate Career Paths</b>	<b>Career Opportunities</b>	<b>The Wide World of Chemical Engineering I</b>	<b>The Wide World of Chemical Engineering II</b>
14:45	15:30	How to Create a Successful and Fun Kids Day Camp <i>University of Iowa Student Chapter</i>	Corporate Sponsorship and your AIChE Student Chapter <i>University of Michigan Student Chapter</i>	Networking for Nerds: How to Land (or Create) Your Dream Job! <i>Alaina Levine, Career Coach and Consultant</i>	NMSBrew - Academic Brewing Workshop <i>New Mexico State University Student Chapter</i>	Green Careers for Chemical Engineers <i>Environmental Division</i>	Refining and Gas Processing 101 <i>Fuels and Petrochemicals Division</i>	Fundamentals of Engineering Exam and Path to Become a Professional Engineer <i>Licensing and Professional Development Committee and Management Division</i>
15:30	15:45	<b>Break</b>						
15:45	16:30	How to Host a ChemE Career Fair? <i>University of Southern California Student Chapter</i>	Engaging Your Sister Chapter and Growing Your Professional Network <i>University of Michigan Student Chapter</i>	Negotiation for Nerds <i>Alaina Levine, Career Coach and Consultant</i>	From Engineering to Finance- Making the Transition <i>Eric Reiner, Haas School of Business, University of California, Berkeley</i>	Opportunities in Upstream Engineering and Flow Assurance <i>Upstream Engineering and Flow Assurance Forum</i>	Management Careers for the Chemical Engineer <i>Management Division</i>	Process Simulation in the Real World <i>Chemstations</i>
15:30	18:30	<b>Chem-E-Car Competition® Safety Inspection and Poster Review</b> <i>Exhibit Hall C</i>						
17:00	19:30	<b>Chem-E Jeopardy Competition</b> <i>103D, 103E, and 103F</i>						
19:30	22:00	<b>Student Conference Bash</b>
