PHILIPPINE INSTITUTE OF  
CHEMICAL ENGINEERS  
*Celebrating Chemical Engineering Excellence*

26 November 2013

**Phillip R. Westmoreland**  
President - FAICHe 2013  
**American Institute of Chemical Engineers**  
120 Wall Street, 23 FL. New York,  
NY 10005 USA

Dear Dr. Westmoreland:

Greetings!

The year 2014 marks an important milestone for the Philippine Institute of Chemical Engineers, as we celebrate our Diamond Anniversary, with the theme "Celebrating Chemical Engineering Excellence".

PICHe, born in 1939, started with forty (40) charter members. It stands today as a formidable and united organization composed of more than 1, 800 professionals.

The highlight of the Diamond Anniversary celebration is the auspicious 75th National Convention on February 26 – 28, 2014 at the Manila Hotel in the City of Manila, with the theme "A Glorious Past, A Challenging Future." This event promises another historic milestone in the life of PICHE, which includes the recognition of the pillars of the organization, an intellectual convention on important national, international policies on the Chemical Engineering and related professions, plenary and technical discussions by highly respected speakers from government, industry, academe – both local and international, and a grand fellowship night for network building. We will also conduct a plant tour on March 1, 2014 for our convention delegates to showcase a few world class sites for chemical engineers within or nearby Metro Manila.

Our Diamond Anniversary comes only once in our lifetime. Thus, we would like to invite you to share with us the joy of this momentous accomplishment by attending the National Convention. The convention is open to all, not only Chemical Engineers, and qualifies for professional CPD (Continuing Professional Development) units. You can also support PICHE by being a major sponsor - Diamond 3 Carat, 2 Carat, 1 Carat and Half Carat, an exhibitor or advertiser for our National Convention Souvenir Program.

You may also visit [convention2014.piche.org.ph](http://convention2014.piche.org.ph) or [facebook.com/PICHeDiamondYear2014](https://www.facebook.com/PICHeDiamondYear2014) to know the details of the convention, to register online, and to know more about our attractive sponsorship packages.

Thank you for your invaluable support to the success of PICHE's Diamond Anniversary!

Sincerely yours,

  
**Engr. Albert A. Samuela**
