

CCPS AFRICA

VIRTUAL MEETING

October 4, 2022

Sharing best practices with
industry peers

Registration Open

The **Center for Chemical Process Safety (CCPS)** and **DNV** are pleased to welcome you to a virtual event on Process Safety in Africa, to be held virtually on October 4, 2022. This Summit aims to bring together leading domain experts, companies and authorities to share knowledge and support the advancement of process safety management practices in Africa.

TOPICS:

- Case Study of HIC Corrosion
- Process Safety in Hydrogen
- Safety Instrumented Systems (SIS) Cybersecurity: Going Beyond Functional Safety
- Changing Process Safety Regulations
