## **2022 PSM Symposium: Application of Process Safety in Non-Traditional Sectors and Small and Medium Enterprises, Nov 7 - 9, 2022, Virtual**

This year's Process Safety Management (PSM) Symposium will be held free, online from November 7 to 9, 2022. All PSM related topics are welcome. We are pleased to invite you to submit abstracts (or topics with brief summary) for oral presentations to the symposium organizing committee at [PSMDivision@gmail.com](mailto:PSMDivision@gmail.com) by **September 15, 2022**.

**Register to attend here:** <https://www.eventbrite.com/e/process-safety-management-symposium-virtual-2022-tickets-400308763287>

### **Main Theme and Suggested Topics:**

This year's symposium highlights the application of process safety in non-traditional sectors and small and medium enterprises, including

- refrigeration industry;
- wood pellet industry;
- liquefied natural gas industry;
- new technologies in energy transition, such as hydrogen, geothermal, and CCUS, etc.
- laboratories; and
- other industries.

### **Important dates:**

- Opening call for abstracts: August 1, 2022
- Registration open: August 22, 2022
- Abstracts due: September 15, 2022
- Symposium: November 7 - 9, 2022

We welcome speakers and attendees from Canada and around the world. For further information please contact the symposium organizing committee at [PSMDivision@gmail.com](mailto:PSMDivision@gmail.com)

Best Regards,

### **2022 PSM Symposium Organizing Committee**
