64	If my response to PSM experience is inadequate, will I have the opportunity to re-submit?	Yes, if you do not pass the exam the first time, you will be allowed to retest. There are no limits on the number of times you may take the exam.
65	How much is the registration and exam fees	Please see our website for prices: <a href="https://www.aiche.org/ccps/resources/certified-process-safety-professional#pane-collapsible-box--5">https://www.aiche.org/ccps/resources/certified-process-safety-professional#pane-collapsible-box--5</a>
66	How globally acceptable is this certification? Knowing there are other bodies like Energy Institute of UK with their own certification	We are seeing increased global acceptance of this certification. One example is a recent process safety job posting in Brazil, which gave additional points on the application for the CCPSC. Other job postings require a safety or process safety certification, and the CCPSC would meet that requirement.
