Leadership Workshop for Rising Star Women Engineers

Virtual Workshop | March 23, 2021 | 10:30-1 PM ET

Rising Star, A Leadership Workshop for Women Engineers, is part of the AIChE® All for Good program to advance women in engineering. The program for early to mid-career women utilizes best practices and leading research on gender to advance professional goals.

Itinerary

Welcome & Introduction
June Wispelwey, Executive Director and Chief Executive Officer, AIChE

Presentation
Susan Dunlap, Susan Dunlap Associates
Understanding effective communication styles and the best practices for women to counteract perceptions and mitigate stereotypes. Participants will develop skills for communicating with a more authentic presence to effectively meet and network in the workplace and beyond. Participants will receive an introduction to a variety of common communication styles used by men and women in the workplace to:

• Explore the dynamics of gender communication norms and stereotypes
• Learn how the following skills can differ by gender and the potential impact to career progression
• Confidence and Courage
• Self-Advocacy
• Presence

Empowering Women in Engineering Panel Discussion
TBD Panelists share perspectives on how women can find their voice, navigate the workplace and communicate for success.

Questions & Answer

Women in Chemical Engineering
• Ann Fornof, PH.D. Senior Research Specialist
3M, President
