### Our Invited Speaker

#### Rob Fisher

*President,  
Fisher Improvement  
Technologies*

Rob is a pioneer in Human and Organizational Performance (HOP) and all aspects of organizational learning including incorporating the understanding of personality diversity into risk management. He will be speaking about *HOperational Excellence – Practical Applications of the Science*. If you don't know how and why humans fail you cannot sustainably predict how they will succeed. Join us for a great dinner and this interactive talk!
