

AICHe® CareerEngineer

Find Internships, Jobs and Practical Training with AICHe's Career Resources

With AICHe membership you have access to AICHe Career Resources with the critical support to help you build your résumé, hone your networking skills — even connect with career coaching and industry hiring professionals. And ChemE Undergrads can search AICHe's CareerEngineer for internship and co-op positions at <http://internships.aiche.org>. Get connected to the only ChemE-focused job board working for you.

Use AICHe Career Resources for Job Search and Career Support

- Interview tips
- Networking support
- Career skills training tutorials — works with you like your personal career coach
- Tips to use social media for your job search
- Student Internships
- Engineering Resources
- Training for successful networking
- SACHE Certification (boost to your résumé)
- Connection to colleagues through your Local Section, conferences, AICHe Technical Communities
- Learn practical skills not taught in school, such as working on and managing project teams
- Access to ongoing training and education to keep your skills sharp after graduation

Who's Hiring and How CareerEngineer's Job Board and Internships Work For You

Access internships and job openings with ScaleUp sponsors Platinum: Chevron; Gold: Air Products, AspenTech, Bayer, Corning, Dow, DuPont, Merck, Praxair, UOP, and Silver: DCP Midstream, as well as many other industry leaders, plus:

- Post your résumé online where AICHe Members are placed at the top of the list so prospective employers see your résumé first
- Turn on the Job Alerts feature to automatically get emails when jobs come up that match your criteria
- Post your résumé anonymously — that way if you wish, employers can come to you discretely and only learn your identity when you respond to the email
