

Safety and Rules Verification Page [Must Submit with Regional EDP]

1. Briefly describe the reaction / mechanism your vehicle uses to move.
2. Describe the reaction that your vehicle uses to stop at the designated finish line.
3. If your vehicle is 3 meters short of the designated finish line on the first run, what changes does your team make to the stopping reaction to adjust for the correct distance?

We, the undersigned team members, leaders and advisor of _____ (university) ChE Car Competition team, do hereby verify that we have complied with all rules and safety requirements, as posted on the AIChE ChE Car Competition Web page. If we qualify (or our team is on the open slot list and are informed we are able) to compete at the National ChE Car Competition, we understand and agree that if our completed EDP package is not submitted by 10 Oct 2014 we will not be allowed to compete at the National Competition.
