The Solar Energy Systems Conference will focus on solar energy innovation, challenges and opportunities for engineers and other stakeholders.

SESSIONS AND TOPICS

• Solar Fuels
• Thermal Energy Storage and Heat-Transfer Media
• Modeling and Simulation Innovations
• Industry Representation and Needs

CONFERENCE CHAIR
Rohini Chandran
University of Michigan

CONFERENCE CO-CHAIRS
Nick AuYeung
Oregon State University
Christopher Muhich
Arizona State University

STEERING COMMITTEE
Matthew Bauer
DOE
Clifford Ho
Sandia National Lab
Chiranjeev Kalra
Heliogen + IdeaLab Studio
Erik Koepf
DuPont
Andrej Lenert
University of Michigan
Meng Lin
Southern University of Science and Technology
