

VIRTUAL

# BATTERY+ENERGY STORAGE CONFERENCE

October 6-8, 2021

The **Battery and Energy Storage Conference** seeks to engage chemical engineers and researchers working in the fields of energy storage and conversion technologies to identify, communicate and explore current advancements in technology design

## SESSION TOPICS

- Grid Level Energy Storage
- Manufacturing and Recycling
- Beyond Li-ion
- Electrified Transportation

Submit an abstract, register and learn more about the 3rd Battery & Energy Storage Conference at [aiche.org/battery](https://aiche.org/battery)

Interested in sponsoring and/or exhibiting at this event?  
Contact [sales@aiche.org](mailto:sales@aiche.org)

## CONFERENCE CHAIRS

**Amy Marschilok**

*Stony Brook University*

**Alex Urban**

*Columbia University*

## ORGANIZING COMMITTEE

**Nav Nidhi Rajput**

*Stony Brook University*

**Jae Chul Kim**

*Stevens Institute*

**David Bock**

*Brookhaven National Laboratory*

**Brian Landi**

*Rochester Institute of Technology*

**Lei Wang**

*Brookhaven National Laboratory*

**Bolun Xu**

*Columbia University*

ORGANIZED BY

**CENTER FOR ENERGY INITIATIVES**  
An AIChE Technological Community
