

 VIRTUAL

**OCTOBER 6-7, 2021**

**Emerging Meat Alternatives Conference (EMAC)** is one of few scientific conferences focused on technical aspects of creating plant-based, fermented-based and cultured meats. Emerging meat alternatives are a prime example where biochemical and high-tech chemical engineering problems need to be solved in a multidisciplinary environment with biologists, chemical engineers and bioprocess engineers.

#### SESSION TOPICS

- Cultured Meat
- Plant Based
- Fermentation Based
- Functional Ingredients & Technologies
- Sensory Properties
- Nutrition

**Submit an abstract by August 31, 2021**  
[aiche.org/emac](https://aiche.org/emac)

**Interested in sponsoring and/or exhibiting at this event? Contact [sales@aiche.org](mailto:sales@aiche.org)**

#### CONFERENCE CHAIRS

**Neta Lavon**  
*Aleph Farms*

**Jette Feveile Young**  
*Aarhus University*

#### ORGANIZING COMMITTEE

**Ofir Benjamin**  
*Tel Hai College*

**Alessandra Bordoni**  
*Università di Bologna*

**Milena Corredig**  
*Aarhus University*

**Jeroen Hugenholtz**  
*Wageningen University & Research*

**Poul Erik Jensen**  
*University of Copenhagen*

**Mark Post**  
*Maastricht University*
